

31 July 2009

IMPORTANT TRAFFIC MANAGEMENT INFORMATION

As part of the tram works on Princes Street, the next phase of construction at the Lothian Road junction will be introduced over the weekend commencing 31 July 2009. This will involve changes to the local traffic management arrangements at Lothian Road junction and will remain in place until October 2009.

General traffic from George Street wishing access to Lothian Road will be diverted via the south side of Charlotte Square and Hope Street. Bus traffic from George Street will be able to access Lothian Road via South Charlotte Street and Princes Street. Northbound traffic from Lothian Road will follow diversions currently in place.

For information about the local bus services, please check your local service providers' website.
